

*Learning, Playing and Growing together in the love of Jesus*

St Mary's Catholic Federation,  
Carshalton

Improvement Plan

2023-2024

# Quality of Education

At St Mary's we embrace the Catholic teaching that Jesus loves us and we should love him. Through this core value, pupils are given the independence and empowerment to wonder and discover within and beyond the curriculum.

# Behaviour and Attitudes

Use the gift of God's world to stimulate learning experiences and create a better world for the future by taking into account our mission for social justice; taking account of sustainable processes; and applying knowledge to maintain good health and wellbeing.

# Personal Development

At St Mary's we know that we are forever growing in the love of Jesus. It is with his love that we are able to foster an environment where every stakeholder can further themselves through purposeful learning and enquiry, developing creative approaches to target each child's individual interests and needs.

# Leadership and Management

All staff are leaders, and through the Mission of Christ we are ambitious in providing a purposeful environment that is stimulating and safe for each individual. We all aspire to do the best we can within Gods family.

# Early Years

From the first day at St Mary's, we encourage all children to embrace our Christian relationship with one another and Jesus inside and outside of the community. We embrace Ambition, Belief and Compassion for each child whilst living our school values.

# Outcomes

At St Mary's we value the gift and joy of our world and the importance of caring for it. We aim to embrace the opportunities our local area (and beyond) offers us in our teaching and learning and use this as a driving force to develop our knowledge and care for our community. Pupils are encouraged to live out their mission of valuing the world God has given us.
